## **Intergenerational BDM Trip Information**

**July 21-27, 2024**

**Dawson Springs, KY**

- BDM volunteers demonstrate Christ's love and put their faith into action by repairing and rebuilding storm damaged homes for some of the most vulnerable disaster survivors. Often this is the elderly or disabled.
- Youth (15+ years) may sign up without having an adult to come with them. Likewise, adults can sign up without a youth. It's a great opportunity though for parent/youth (14+ years), grandparent/youth, or church member/youth to serve together. Invite a friend!
- Maximum number of volunteers is 15. Sign up now!
- Volunteer housing is provided in Madisonville, KY at Habitat for Humanity, our partner agency. There are bunk rooms, showers, and a community area for gathering.
- We'll travel on Sunday, work Monday-Friday, and return on Saturday.
- Our work will be on new builds in Dawson Springs. Homes were destroyed by a tornado in Dec. 2021. Leaders will teach the skills that are needed, and tools are provided.
- A typical workday starts with leaving for the jobsite about 8:00 AM. Return is about 4:30 PM. In the evening there is some group time for debriefing the day, journaling, games, fellowship, etc.
